Dear Local Plan Team,

Friends of the Cam do not wish to use your online consultation system. We have submitted our letter of objection, and all the members of the steering group have added their names to this letter. I attach it here again for your convenience. This is our one response from Friends of the Cam. Please confirm that you have received it and that it will be read and counted.

Kind regards,

Monica Bijok Hone

on behalf of Friends of the Cam

For every organisation, we only accept one response on behalf of the group. Please can a representative of the group login (or register, if Friends of the Cam is not already registered) to our online consultation system to input one response on behalf of your organisation. We prefer to receive responses through our online system, so we understand which policies or aspects of the Plan your comments relate to. However, if you do not wish to respond in this way we can accept emailed responses, but we need one response from the organisation so please let us know which response is the Friends of the Cam formal response.

If you are not able to respond online, we need you to confirm you agree to our privacy policy before we can register your representation, please include this confirmation with your emailed personal response. Alternatively, we can accept anonymous comments via our quick questionnaire. You can learn more about different ways to comment, and why we have these different methods, on our Tell us what you think page.
