- 9 **Proposed Neighbourhood Area**
Please state why this area should be designated. This is especially important if it is not the full extent of the parish or includes part of another parish. Please also provide an Ordnance Survey Map showing clearly the boundary of the proposed Neighbourhood Area.

Boundary of Gamlingay parish.

The Parish Council wish to designate the entire parish as our Neighbourhood Planning Area. We have consulted with all surrounding Parish Councils in August this year and have received no negative comments in relation to this proposal to date. There are no specific reasons why the Parish can not be designated in its entirety, as it has specific local characteristics of a rural hinterland, outlying hamlets and the village centre.

The parish boundary is deemed the most sensible option for this particular locality

What happens next?

The Council must publicise the area application on its website and in such other manner as they consider is likely to bring it to the attention of people who live, work or carry out business in the area to which the application relates. There will be a period of not less than 6 weeks of public consultation when the Council will invite comments on the application.

The Council will decide whether to designate the Neighbourhood Area. To do this it will consider:

- if the application is valid. A valid application will:
 - have a map showing the area
 - have a statement explaining why it is considered an appropriate Neighbourhood Area
 - be from the 'relevant body'
- all representations made during the consultation
- whether the proposed area is appropriate and does not overlap with other areas – only one Neighbourhood Plan is permitted per Neighbourhood Area.

The Council may modify the application with the parish's consent if it is considered the Neighbourhood Area is not appropriate.

Designation of the area

The Council will notify the parish and publish decisions on its website and within the Neighbourhood Area. Reasons will be given if the application is not successful within the decision document.

**In areas where there is no parish council, parish meetings can either get involved with the Neighbourhood Planning in an adjoining parish or develop a Neighbourhood Forum with the authority to lead on their own Plan. For more information contact Sustainable Communities on 03450 450 500*
