Part B – Your Response

What part of the Neighbourhood Plan do you have comments on?

Policy or Paragraph Number (please state)	WAT 5
Do you Support, Object or have Comments? (Please tick)	<input type="checkbox"/> Support <input type="checkbox"/> Object <input checked="" type="checkbox"/> Comment

Reason for Support, Object or Comment:

Please give details to explain why you support, object or have comments on the Neighbourhood Plan. If you are commenting on more than one policy or paragraph, please make clear which parts of your response relate to each policy or paragraph

If you consider that the referendum boundary should be extended, please outline your reasons.

Support is given to this policy as it is considered vital that the Neighbourhood Plan promotes new linkages and routes between the original village and the new settlement so that residents may fully take advantage of the new services including the New Town schools. It is maintained that the site at Bannold Road will be able to facilitate these new linkages between the north and south of Waterbeach. This will enhance connectivity within the original settlement but also better links to the New Town delivered to the north of the village.

The Neighbourhood Plan must also ensure that it emphasises that these linkages should be suitable for pedestrian, cycle and equestrian use in its efforts to encourage a modal shift away from the use of private car. By ensuring that access to the new services within the New Town, including schools, is made by foot rather than car, it will promote healthier lifestyles and contribute towards minimising emissions within Waterbeach. Robust links between the village and the New Town will contribute towards achieving a cohesive community, rather than establishing two separate settlements that fail to appropriately interlink. Provision of new routes through the site at Bannold Road will therefore contribute towards realising the objectives of Policy WT5.

Summary of Comments:

If your comments are longer than 100 words, please summarise the main issues raised.

Support is given to maintaining sustainable access routes to Waterbeach New Town Schools. These linkages should be for pedestrian and cycle use in its efforts to encourage a modal shift away from the private car.

Completed forms must be received by 5pm on 20 April 2021 at:
