Summary of Comments:

If your comments are longer than 100 words, please summarise the main issues raised.

The overarching objective of providing safe and attractive walking and cycling routes to schools is supported. It is welcomed that some revisions to this policy have been made, in respect of avoiding the need for children having to cross primary and secondary roads to attend school being “minimised”, although it is considered that elements of this policy remain too restrictive, including reference to “not locating school entrances on through routes”. These requirements should be removed, and reference made to the need to devise an appropriate design response for each school site.
