How much development, and where – general comments

IWM and Caius College agree with the GCLP's premise that Greater Cambridge has a strong and nationally important economy and is one of the most important research and innovation-led employment hubs in the UK.

As such IWM Duxford (IWMD) and Caius College (who are both leading players helping underpin Cambridge's fast growth and innovation) support a GCLP strategy that supports and plans for continuing economic growth and innovation hubs, as well as the homes needed to reduce commuting into the area in a way that minimises environmental impacts and improves the wellbeing of communities.
