A community action team including **Action for Swifts** (established 1995) Fulbourn **Swifts Group** (established 2011) and **The Over and Swavesey Swift Conservation Project 2020** working for the conservation of swifts and other threatened species in the Greater Cambridge area. We are actively involved in practical swift conservation, nest brick and nest box design, planning processes, monitoring of nest brick and nest box installations in new developments, advising commercial swift nest box designers, house designers and developers both locally and nationally.
