Subject: NEC AAP - County response Oct 2020

Hi Matt and Julian,

Our response to the Draft AAP is all signed off. I have put our responses to the questions on line, but there were a couple of further comments that made our full response that I could not find an appropriate place for. Therefore I hope you can accept the enclosed as the complete response.

As you may have already seen via the draft that went to committee in September we support the Draft AAP. Most comments relate to further strengthening or clarifying. There was interest at our Committee around how the trip budget works, parking restrictions, relationship with mix of development and mechanisms to manage, and open space (particularly in light of recent events).

Many thanks.

David Carford
