Subject: Land at Meldreth for call to sites

Dear Rob

Many thanks for your time on Friday. I am now able to confirm that all the land owners are ready to proceed with the call to sites

Attached is a marked-up map of all the sites we wish to submit with the different ownership indicated.

There are five categories of landowner:

A = Trust land owned by the five of us

B = Farms & Turkeys' land owned by [REDACTED]

C = The barns owned by [REDACTED]

D = The barns owned by the [REDACTED]

E = The Valley Farm house owned by [REDACTED]

I have also attached the marked-up Land Registry map of the Western plot north of the railway which shows the boundaries in more detail. We understand that the access off the highway is controlled by the five of us as part of that title.

I have attached these for your information only and presume that Bidwells will prepare more professional documents for the submission, but would be grateful if you could confirm. If you need any additional information about the specific sites, please let me know.

I can confirm that I agree to Bidwells submitting the land, as identified, to the Call for Sites Consultation, February, 2019 and have asked each of the others to reply to you confirming the same and also providing their addresses, emails and telephone numbers to be uploaded onto the forms. The Braham family will confirm directly with you.
