Subject: North Cambourne -- Landowners' Statement

Dear Andrew,

Thank you for sharing your Savills draft document relating to the proposed development that you are to “put in” to SCDC as a consequence of their “Call for Sites” in this region.

I am able to confirm that all the parties involved in the ownership of the land shown within your red line are fully aware of your proposals and are in agreement with the proposition that you are putting to the Local Planning Authority on behalf of the developers.

I trust this clarifies the position of all the landowners involved?

Kind regards
