25th March 2019

Dear Sir or Madam

**South Cambridgeshire District Council Call for Sites
Land North of Elbourn Way and The Limes, Bassingbourn**

Further to our submission for and on behalf of Michael Sharp and Carol Mailer this letter provides additional information to the response form in order to clarify points where responses are not able to be added.

B – Abbey Properties Cambridgeshire Limited are the promoters of the land and may develop the site should Planning Permission be forthcoming.

In terms of visiting the site the land is privately owned and whilst there is some visibility of the site from the public footpath which runs through the middle of the site a full appreciation cannot be secured without walking on to the site itself.

We trust that these comments above will be considered by the Council alongside the other evidence submitted with this Call for Sites response.

Yours Faithfully

Andy Brand MRTPI
Planning Director
