Hi Richard,

Please accept this email as confirmation on behalf of [REDACTED] that she would be willing to enter negotiations for the sale of the part of the land should it be included in the framework of the local plan.

Regards

[REDACTED]

Reference your email and our chat earlier, I attach a plan showing [REDACTED] house and land that can be kept, coloured yellow.

The rest of the land to Craft Way could be available for development in the Councils future plans. Would you therefore write to me to say the balance is available in the forth coming review.

I am happy to meet your family if so required.

Hope your all well.

Kind regards

Richard
