To whom it may concern

With regards to further information required for 73 High Street West Wrating please find enclosed the following.

1 There is a gate on the site but it is not locked.

2. contact details are as follows

[REDACTED]. Address [REDACTED] mobile no [REDACTED]

3. The reason the site is as yet undeveloped is because up until now it was owned by my late father and it is being used as a builders yard. There are no un implemented planning permissions on the site either and the old pub at the front of the site burnt down in June 2018.

Dear Sir,

Thank you for your submission in response to the Call for Sites request we issued earlier this year.

After a period of unavoidable delay, we are now registering, checking and validating each of these sites.

As soon as this process is complete, each validated site will be uploaded onto both the Cambridge City Council and South Cambridgeshire District Council websites, for your reference.

There are, however, some items missing from the HELAA response form sent to us in relation to your submission for land at **The Lamb Yard, 73 High Street, West Wrating.**

Accordingly, please now supply the following information and return it to us, within the next 10 working days.

- Are there any issues that would prevent officers of the Council undertaking a site visit unaccompanied?
- Contact information (to include name, organisation (if applicable), address, telephone number and email address), of the person to be contacted, to arrange access to the site or an accompanied site visit.
- A discussion of – if applicable – the reasons why the site remains undeveloped or has a record of unimplemented planning permissions if the site has been allocated for development in previous Local Plans.

Many thanks for your patience.

Kind regards

Planning Policy Strategy and Economy Team
