

18th March 2019

Dear Sir,

Call for Sites (South Cambs) 2019

I am enclosing a completed form in respect of the above.

The land concerned is at the back of the house at 31, West End, Whittlesford, Cambs. There is an access to the left hand side of the property (directly off the road) but unfortunately the access is only 11ft wide so minimizes accessibility. However the land is adjoined by land owned by [REDACTED]

[REDACTED] I understand he has also submitted an application form as well for this land and has verbally assured us that we could access our field through his land.

Yours faithfully,
